MONDAY, EVENING, OCTOBER 2.

HELPING THE DRUNKARDS.—At the meeting of the American Association for the Cure of Inebriates, which was lately held in Philadelphia, the committee on resolutions presented the following, which were adopted, and the convention adjourned:

Resolved, That the propositions adopted with such unanimity by the section of medicine and reported to the International Medical Congress, recently held in this city, on the subject of the use of alcohol, be accepted by this association. Resolved, That in the opinion of this association, the commitment of inebriates to asylums for insane for voluntary and protected detention is a violation of personal liberty, which is disavowed by the people and ought to be prevented by law.

Resolved, That in the various forms of labor in the conduct of inebriate institutions, whether under the name of reformatory for moral treatment or asylums for the study and treatment of the subject of inebriety as a disease, this association recognizes the same good work, and most seriously recommends the multiplication of such institutions in every city and State throughout the land.

Resolved, That we who have charge of the victims of strong drink do most earnestly and respectfully call on all who have the care of the young or old to remember that the ministrations committed to them are no less than that they are the educators of man, a creature dear to God, and that it is their solemn duty to impress on their minds, by precept and example, the great danger of touching, in any form, alcoholic liquors, and that while we have devoted our time and talents to save those who have fallen, and to prevent a large number of others from falling into this terrible vice.

SENATORIAL CONVENTION.

By authority vested in us by the plan of organization of the Conservative party, we do hereby name Wednesday, the 18th day of October ensuing, at ten o'clock a. m., as the time, and Alexandria as the place, for holding a convention to nominate the Conservative candidate for the Senate of Virginia to fill the vacancy occasioned by the resignation of H. O. Claughton, esq. The convention will be composed of five delegates from each magistrate district in the counties of Loudoun, Alexandria, Fairfax and Prince William, and one delegate for each voting precinct in the city of Alexandria.

A CARD.—Circumstances rendering it desirable that I should locate in Baltimore, I have transferred my DENTAL PRACTICE in Alexandria to DR. D. N. RUST. He has been for so many years associated with me as to need no introduction or endorsement, his skill, ability and reputation for honesty and high integrity being well known. I cordially commend him to the favor of my friends and patients, as well as worthy of the position to which he succeeds, and bespeak for him the practice with which, for so long, I have been favored.

FARMERS, use what has
been proven by the experience
of centuries as the most reliable improver of the
soil. Do not waste money upon nostrums whose
value is mere, in comparison with lime, which
shows no better advantage than the witch-
broth of quacks contrasted with the remedial
agency of the skilled physician.
If your land is worn out, you cannot restore
its fertility by successive stimulants—you must
use lime to render food available, that the
ground of plants cannot otherwise obtain it.
Lime is followed by clover, the soil gets back
its nitrogen and the object of the farmer is
secured—good land, good crops and full pockets.
WOOD-BURNED LIME, free from coal
ashes, core, slate and magnesia, containing 92 1/2
per cent pure lime, thoroughly soluble, for sale
at unusually cheap. Address

ENCOURAGE HOME MANUFACTURE
I am now manufacturing a good and cheap
PAINT, of several colors, the body of which is
equal to Lead and Oil, which for tin roofs,
barns, stables, fences, &c., will be found very
suitable as well as economical, and an improve-
ment over other cheap mixed Paints now in the
market. For brick walls with a northern ex-
posure it will act as a preventive to dampness.
For iron it makes a solid and lasting coating,
impervious to moisture and a preventive of rust.
Being of various shades of color, the cornice and
trimmings can be painted to suit. This Paint has
been used by one railroad company and by
many of the farmers in this vicinity, and is
highly recommended by all who have tried it.
Price, single gallon, 75c. 10 gallons 15c per gal.
